

NERIS

A Glimpse from the Depths of the Ocean

NERIS is a sculptural glass pendant defined by a deep sapphire-blue core wrapped in flowing clear glass. Its organic droplet form captures the movement of liquid glass as it settles into shape, creating a sense of depth and quiet motion.

Suspended lightly, NERIS reflects the calm presence of deep water — a luminous glass form where color, fluidity, and light come together.

Model Details

TECHNICAL SPECIFICATIONS

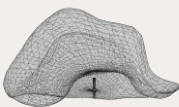

- Model: ARTX012
- Dimension: L135 × W80 × H45mm
- Glass Thickness: 6mm
- Net Weight: 250±10%
- Packaging size: 600 x 400 x 300mm
- Material: formed glass
- Suspension: Adjustable hanging wire system
- Light Source: Not Have
