

CROWN TIDE

A Crowned Flow Shaped in Glass

CROWN TIDE is a sculptural glass pendant with a flowing outer shape and an open center that gives the piece its character. The form feels smooth, balanced, and light, as if it was shaped in one calm continuous motion.

As light moves across the glass, it reveals soft reflections, depth, and transparency along both the inner and outer edges. Minimal in suspension and pure in form, CROWN TIDE feels elegant and weightless — a graceful glass piece where solidity and openness exist in quiet harmony.
